Subject: RE: Staging and Boat at Arkema Site??

Hi Katie,

No problem, thanks for giving us a heads up to take a look.

We have seen a lot more people camping out on Front street the past few months. Definitely let us know if you see someone again.

Thanks!
-Erica

Hi Erica,

Thanks so much for checking it out for us.

Katie

Hi Katie,

We are not doing anything related with boats or near the river. I asked one of our operators to take a look. We did not see any boats in the vicinity.

The only thing that happened this morning is one of our samplers was sampling a well by the fence near the plant. However the fence is far away from the river and we access that well from the upland side (no going near the river).

Thanks,
-Erica

Subject: Staging and Boat at Arkema Site??

Hello Everyone,

EPA received a call from a member of the public indicating that there was a boat and staging happening at the Arkema site. Could you please let me know if this true and if so what it is for?

Thanks
